### Information

*Early On* Michigan helps to make sure eligible children get the services they need to be healthy, grow and develop appropriate skills. To find out if your child qualifies for services from *Early On*, or to assess your child's development, your child will be evaluated in the following areas:

- Communication:
  - ▶ how your child understands and lets you know what he/she wants.
- Social-Emotional:
  - ▶ how your child gets along with family members and other people.
- Cognitive:
  - ▶ how your child thinks and solves problems.
- Adaptive:
  - ▶ how your child performs tasks such as dressing, feeding, and toileting.
- Physical:
  - ▶ *Motor* – how your child moves.
  - ▶ *Health Status* – review of your child's health history and status, including vision and hearing screening.

You know your child best and can provide important information about your child. Additionally, your child's doctor and others who know your child may be asked to provide information about strengths, needs, health and development. *Early On* only gathers information about your child with your permission.

The information gathered is kept in a confidential *Early On* record. More information about how *Early On* works and your family's rights is located on the [Early On Michigan Family Resources](http://1800earlyon.org) webpage of the [1800earlyon.org](http://1800earlyon.org) website.
